

SOVIET CONGRESS SUPPORTS LENINE

Indicates Policy of Granting
Concessions to Foreigners
Will Be Adopted.

THEIR HELP NEEDED NOW

Frank Statement Russia Can-
not Use Raw Materials
Without Machinery.

RIGA, Latvia, Jan. 3.—Moscow reports a complete victory for the supporters of the Russian Bolshevik Premier, Nikolai Lenin, at the All Russia Congress of Soviets. This is regarded in Moscow as significant, being taken as an indication that the policy of granting concessions to foreigners, which is favored by the Leninists, will be adopted.

It is frankly stated in a report submitted to the congress that Soviet Russia is unable to make use of her raw materials unless foreigners furnish her with machinery and instruct Russian workers in its use and the best methods of production.

Russia's interest, the report says, is not to export raw materials but to build up works and factories and to import machinery which "we cannot create ourselves."

MARTENS READY, BUT
WASHINGTON IS NOT

Details of Soviet Envoy's De-
parture Not Complete.

Special Despatch to THE NEW YORK HERALD
New York Herald Bureau,
Washington, D. C., Jan. 3.

Ludwig C. A. K. Martens, Soviet Am-
bassador to the United States, sur-
rendered to the Department of Labor for
deportation to-day. Martens was told
that actual plans for his sailing had not
been made, and he was released on his
personal recognition until they are
completed.

It is understood that the Navy De-
partment has planned to send one or
possibly more United States naval ships
to the Baltic, as unofficial aid to the
Bolsheviks. The department indicates
the probability of a renewal of the Bol-
sheviki offensive against Poland in the
early spring. The differences between
Poland and Lithuania are expected to
furnish the excuse.

It is clear that possible activities of
the Moscow Government are giving this
Government and others considerable un-
easiness. Advice should be given to
the strength and power of the Lenin-
Trotzky Soviet.

CONVENT IN IRELAND
RAIDED BY MILITARY

Troops Courteous and Ask for
Prayers of Nuns.

DUBLIN, Jan. 3.—The military raided
the convent of Carmelite nuns at
Ranelagh, a suburb of Dublin, to-day.
They forced the doors and made an ex-
haustive investigation into all the rooms
in their search for letters and docu-
ments.

A search also was made of the cemetery
attached to the convent. The clay
was removed from the top of a newly
made grave, but the coffin was not
uncovered.

It is stated the troops acted courteously,
asking the nuns to pray for them.
An elderly sister who had been with the
soldiers and wished them a happy New
Year.

Two men who, according to a state-
ment issued from Dublin Castle, were
badly wanted by the police, were shot
by soldiers yesterday while attempting
to escape. They were David Tobin and
Thomas Murphy of Ballingarry, County
Limerick.

The statement says that as a military
car approached Tobin's house he and
Murphy ran out of the door. Tobin
after proceeding a hundred yards took
shelter behind a bank. With drawn
revolvers the soldiers outflanked him
and shot him dead. Murphy was
brought down by a bullet and died later.

CITY GETS 12 MILLIONS OF STATE INCOME TAX

Large Amount Due to Valua-
tion of Real Property.

ALBANY, Jan. 3.—Greater New York's
final portion of 1919 State income tax
receipts, amounting to \$170,811.72, was
paid to the Receiver of Taxes to-day.

The total income tax receipts for the
year were \$26,500,000, of which the coun-
ties of the State, including New York
city, received an aggregate of \$18,250,-
000. The other half was paid to the
State Treasurer for general State ex-
penses.

New York city alone received a total
of \$12,469,256.74, based on the dis-
tributive shares of the five counties
comprising the Greater City, as follows:
New York county, \$7,497,597.13;
Kings, \$2,801,150.24; Bronx, \$1,038,-
924.21; Queens, \$919,943.99; Richmond,
\$2,614,000.97.

The large payment to New York city,
said Mark Graves, director of the
bureau, "is because of the 100 per cent.
valuation which the city has put upon
its real property, as the income tax
receipts are apportioned by the State
on this basis. New Yorkers who have
protected against their heavy local as-
sessments are now somewhat recom-
pensed by the large receipts from this
new source."

With the task of collecting and dis-
tributing the 1919 tax out of the way,
officials of the city are now turning up
the cash registers and getting to-
gether stacks of blanks in preparation
for the 1920 rush. Persons who pay a
tax for the first time can secure blanks
at 120 Broadway or at any other in-
come tax office in the metropolitan dis-
trict. It should be borne in mind that
receipts will be mailed to all those who
paid a 1919 tax. This not only applies
to individual taxpayers, both resident
and non-resident, but also to partner-
ships.

The total amounts paid to counties
adjacent to New York on account of
the State's first income tax follow:

Westchester \$705,727.12
Suffolk 152,884.41
Rockland 51,047.26
Nassau 200,976.06
Putnam 21,277.49

REDS ACTIVE IN FORD PLANT.

Detroit Detectives Say They Are
Brewing Trouble.

Special Despatch to THE NEW YORK HERALD.
Detroit, Jan. 3.—An attempt by
communists to create trouble among
Detroit's unemployed is seen by local
Secret Service agents in the summoning
of Ford employees to-day to the plant in
Highland Park.

About 1,000 men assembled there
early this morning in response to a
circular distributed Saturday calling
upon the Ford Motor Company to turn
the plant over to its employees so they
could make automobiles for themselves.
Nothing developed, however, and the
men dispersed.

STOREKEEPERS CLEARED

Street Cleaning Heads Blamed for
Garbage Nuisance.

Magistrate Bernard J. Bouras, in
Harlem Court, dismissed charges yester-
day against twelve storekeepers and
janitors summoned for alleged violations
of the Sanitary Code.

"I am not going to fine you," he said.
"Some one ought to fine the Street
Cleaning Department for permitting
garbage and refuse to accumulate. I un-
derstand some families cannot dispose
of their garbage because the filled recep-
tacles have not been emptied."

\$10,000,000 DAM HALTS CIVIL BILL

House Debates Alabama Na-
tural Plant Project—Vote
Probable To-day.

WASHINGTON, Jan. 3.—After wading
through nearly a fourth of the 171 pages
of the Sundry Civil Bill, first of the fifteen
big appropriation measures, the House to-
night was halted by another wave of talk
over an amendment providing \$10,000,-
000 for work on the Wilson dam, part
of the Muscle Shoals nitrate plant
project in Alabama.

There were insistent demands for time.
Southern members especially desiring to
speak in behalf of the amendment, of-
fered by Representative Byrnes, (Tenn.),
ranking Democrat of the Appropriations
Committee. It finally was agreed to
limit debate to-morrow to an hour and a
half. Republicans ready to make a
point of order against the amendment,
with every assurance that it would be
sustained, declined to press it, so that
everybody could talk and then bring the
question squarely to a vote.

In taking up the bill item by item
before reaching the dam question the
House approved it with few changes.
An appropriation of \$75,000 for the Coun-
cil of National Defense was stricken
out, 45 to 23, with the result that this
year created agency will be left with-
out funds after next July 1.

The expected fight on the Shipping
Board item fell down, although the
paraphrase directing the board to sell
its ships and build no more was or-
dered out on the ground that it was
covered by existing law. Chairman
Good of the Appropriations Committee
said the paraphrase had been put there
because it was desired to go to any
length to compel the board to do what
Congress already had directed.

It was learned later that the House
action in eliminating the paraphrase
would leave the Shipping Board without
funds after July 1, except for \$459,000
for salaries of commissioners and for
expenses of the board in the District of
Columbia and of an investigation of
foreign discrimination against American
vessels and shippers.
